

X3: Reunion 2.5 with Bonus Package 3.1.07

Table with 24 columns: race, shiptype, price S, price M, price L, speed (min), speed (max), acceleration, rudder min, rudder max, amount of rudder tuning, container-type, container-volume min, container-volume max, hull strength, shields max, number of shields, energy-generator, weapons energy, weapons recharge rate, hangar slots. Rows include various ship types like Argon Buster, Argon Express, Boron Barracuda, etc.
